

A15401 Aluminon

Product Number: A15401
CAS number: 569-58-4
MDL number: MFCD00040925
Molecular formula: C₂₂H₂₃N₃O₉
Molecular weight: 473.44

Product Specification

Appearance (Color): Dark red
Form: crystalline powder
Comment: Suitable for the determination of aluminium
Sulfated Ash: < 0.2%
Solution Test: 1% in water: clear

Date of Print: March 13, 2022
Version: 1
